MSS Provincial Assessments 2026-2027

Dear Students and Families of Grade 10 and 12 at MSS,

As part of the graduation requirements in BC, students must complete three provincial assessments by the end of their Grade 12 year:

- Grade 10 Numeracy Assessment (NME10)
- Grade 10 Literacy Assessment (LTE10)
- Grade 12 Literacy Assessment (LTE12)

Notes on Assessments:

- All Grade 10 students are registered to write NME10 and LTE10 in their Grade 10 year at MSS
- All Grade 12 students are registered to write LTE12 in their Grade 12 year at MSS
- Students may write any of their assessments three times total before they graduate
- Please contact library staff to register for re-writing assessments
- French Immersion students in grades 11 and 12 will also write the French Language Immersion 12 Assessment (LTF12) and an oral assessment. Please contact Mme. Warren
- The schedule for writing assessments is set by the Ministry of Education. Please see the details of our assessment dates, times, and locations at MSS on the following pages

How can students prepare?

The links below contain pre-assessment activities to help students prepare (videos, sample questions, and sample assessments). It is very helpful for students to try sample assessments to see how the online assessments are structured.

There will also be literacy assessment practice sessions at lunchtime in the library on the following dates: October 15th, November 12th, and January 7th. Students without English 10 or 12 in semester 1 are strongly encouraged to attend.

If students would like help preparing for numeracy assessments, please contact Mrs. K. Thompson or listen to announcements for practice sessions coming in semester 2.

Reporting Results and Re-writes:

Provincial graduation assessments use a four-level proficiency scale for reporting student achievement results. Literacy 12 and Numeracy 10 assessment scores will appear on students' Learning Updates (report cards) and transcripts. Results can be accessed online through the MyEducation portal. Please note that some universities require a score of 3 ("Proficient") for admission. Please check with your post-secondary institution for more information.

Proficiency Scale	1	2	3	4
	Emerging	Developing	Proficient	Extending
	Students demonstrate an initial understanding of the concepts and competencies relevant to the expected learning.	Students demonstrate a partial understanding of the concepts and competencies relevant to the expected learning.	Students demonstrate a complete understanding of the concepts and competencies relevant to the expected learning	Students demonstrate a sophisticated understanding of the concepts and competencies relevant to the expected learning.
